Robert Walsh, County Attorney visited with the Board about the proposed law enforcement project. The Board asked his opinion on the jail project. Walsh stated: "As you know I have not participated, up to this point, in any discussion regarding the need for a new county jail. My advice has been purely along the legal questions regarding funding for the project. At this time, after much deliberation, I feel it is important to express my legal guidance on this issue. I am familiar with the current jail. I know the problems associated with the jail. I am of the opinion that it is in the best interest of Cloud County to either invest in a new jail or commit to major improvements in the current jail. My opinion is based solely on legal considerations. I have considered possible lawsuits involving dangers to inmates and overcrowding issues that may necessitate housing inmates at other locations. These are very real concerns and need to be addressed now."

The Board discussed the protest petition that is being circulated. After researching the election statutes Walsh determined that according to K.S.A. 25-3602c any person who has signed a petition who desires to withdraw such person’s name may do so by giving written notice to the county election officer or other designated official not later than the third day following the date upon which the petition is filed.
